PUBLIC ATHLETIC LEAGUE MEDAL.

HANS SCHULER, Sculptor.

The spirit of the League is symbolized in Schuler's beautiful design for the League's medal. Here we have David in the act of slinging the stone at Goliath. David was the prototype of the Man of Galilee and typified all that rugged honesty, virile character and physical beauty and strength which we desire for our boys to-day.

FOREWORD.

The Public Athletic League is an outgrowth of the Public Parks Gymnasia, established in 1908 by Robert Garrett. Under his leadership, together with Theodore E. Straus, J. M. Cummings, and Theodore Kistler, the League was organized October 20, 1908. George W. Ehler, with a master hand, laid the foundation and started the building along the lines in which it is still growing in size and developing in function until its roof is covering the State of Maryland from the mountains of Allegany County to the sea of Worcester County. When Mr. Ehler withdrew to take up a new field of work at the University of Wisconsin, Dr. William Burdick came to the League and the later growth has been due largely to his skillful hand. In April, 1911, the Public Athletic League, in order to secure the advantages of closer co-operation with other social agencies and share the economic results of greater efficiency, became a part of the Social Service Corporation. This resulted in no real change in autonomy, but in an increase in effectiveness. The State Legislature of 1912, through the efforts of State Senator William M. Maloy, appropriated \$4,000 to the Public Athletic League to conduct athletics throughout the State. Through the co-operation of Superintendent M. Bates Stephens, the State Board of Education and Superintendents, Albert S. Cook and Charles J. Koch, as well as the other leaders in education in the State, its activities are increasing rapidly.

ARTICLES OF INCORPORATION.

THIS IS TO CERTIFY, That the subscribers, J. Barry Mahool, residing in Baltimore City, Md.; Clinton L. Riggs, residing in Baltimore City, Md.; William H. Morriss, residing in Baltimore City, Md.; Theodore E. Straus, residing in Baltimore City, Md.; H. Warren Buckler, residing in Baltimore City, Md.; John E. Semmes, residing in Baltimore City, Md.; Robert Garrett, residing in Baltimore County, Maryland; all of whom are citizens of the State of Maryland, all being of full legal age, do hereby certify that we do under and by virtue of the General Laws of this State, authorizing the formation of corporations, associate ourselves with the purpose of forming a corporation.

1. The name of the Corporation is PUBLIC ATHLETIC LEAGUE, Incorporated.
 2. We do further certify, That the purpose for which the said Corporation is formed and the business or objects to be carried on and promoted by it are the improvement of the physical and moral welfare of the people of Baltimore City and its vicinity, and to this end the establishment and conduct of playgrounds and other suitable places for exercise; the formation, if necessary, of other subsidiary associations or leagues; and the consolidation with organizations of a similar character; and that the said Corporation is formed upon the articles, conditions and provisions herein expressed and subject in all particulars to the limitations relating to corporations, which are contained in the General Laws of this State.

3. We do further certify, That the principal office of said Corporation will be located in Baltimore City.

4. We do further certify, That the said Corporation has no capital stock.

5. We do further certify, That the said Corporation will be managed by a board of seven directors, and that J. Barry Mahool, Clinton L. Riggs, William H. Morriss, Theodore E. Straus, H. Warren Buckler, John E. Semmes, Robert Garrett, all of whom are citizens of the State of Maryland, and actually reside therein, are the names of those who shall act as directors of the said Corporation for the first year, or until their successors are duly chosen and qualified.

IN WITNESS WHEREOF, We have hereunto set our hands, this 20th day of October, in the year nineteen hundred and eight.

Witness:

J. WALLACE BRYAN.

J. WALLACE BRYAN,
Notary Public.

I, Thos. Ireland Elliott, one of the Judges of the Supreme Bench of Baltimore City, do hereby certify that the foregoing certificate has been submitted to me for examination; and I do further certify that the said certificate is executed in conformity with the law.

THOS. IRELAND ELLIOTT.

THEODORE E. STRAUS,
Member Executive Committee.

PUBLIC ATHLETIC LEAGUE, INCORPORATED.

BY-LAWS.

ARTICLE I—NAME.

The name of this organization is the PUBLIC ATHLETIC LEAGUE, Incorporated.

ARTICLE II—OBJECT.

This organization is formed to conduct playgrounds, athletic games, gymnastic exercises and such other activities as it may be thought wise from time to time to establish in Baltimore City and vicinity among the school children, among children, young men and girls who are not attending school, and among working men and boys, and in connection therewith to co-operate with the public school authorities, the Park Board and with other public and private committees or organizations; to provide suitable athletic grounds and buildings, and to secure competent instructors or directors for the various branches of its work.

In order to promote this work the League shall have the power to take over the work of any organizations which have been or may in the future be formed to accomplish like purposes. It shall also have the power to establish new sections and to provide the necessary facilities for its work.

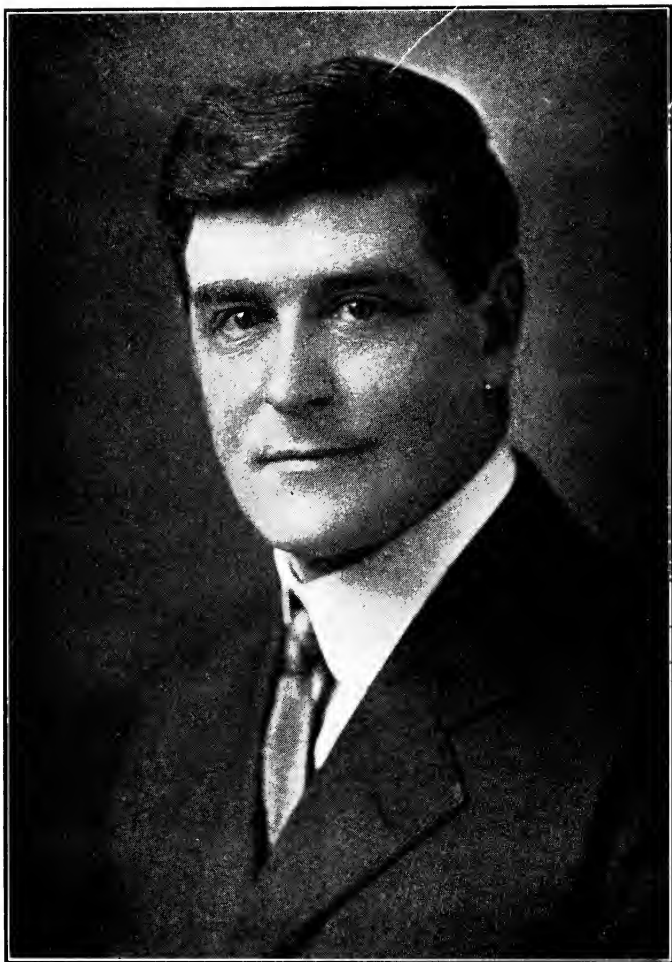

ARTICLE III—MANAGEMENT.

The management of the affairs of the League shall be vested in a Board of Directors, to have the title of Executive Committee, consisting of seven members of the Advisory Board of the Social Service Corporation, Incorporated. The President, and in his absence the Vice-President, and the General Secretary of the Social Service Corporation shall also be ex-officio members of the Executive Committee, and the President, and in his absence the Vice-President, of the Social Service Corporation shall be ex-officio Chairman of the Executive Committee, and in the absence of both the President and the Vice-President, the General Secretary of the Social Service Corporation shall act as President. In the absence of the President, Vice-President and General Secretary, the Executive Committee may choose its own Chairman. The Director to be elected as hereinafter provided shall be ex-officio Secretary of the Committee.

This Executive Committee shall have full power to carry on the work of the League, including the formulation of rules governing the conduct of the various enterprises in its charge and the doing of such other acts or things (not inconsistent with the purposes of the League) as they may deem necessary for its welfare. The Executive Committee shall have the power, subject to the approval of the Trustees of the Social Service Corporation, to engage a Director, who shall have immediate charge of the enterprises of the League, subject to the control of the Executive Committee.

ARTICLE IV—EXECUTIVE COMMITTEE.

The Directors forming the Executive Committee shall be chosen annually by the Advisory Board of the Social Service Corporation, Incorporated. The Directors forming the Executive Committee shall serve for one year from the date of their election, or until their successors have been duly elected and qualified. Vacancies in the Board may be filled by the Board of Trustees of the Social Service Corporation. Meetings of the Executive Committee shall be held at the call of the President, or in case of his inability to act, at the call of the Vice-President, and in his absence, at the call of the General Secretary of the Social Service Corporation, or at the call of any two members of the Committee. Until the annual meeting of the Advisory Board of the Social Service Corporation in 1912, or until their successors are chosen, the Executive Committee, as constituted at the date of the adoption of these By-Laws, shall have all the powers herein given the Executive Committee, and shall act as and be the Executive Committee herein provided for.

WILLIAM BURDICK, M.D.,
Director.

ARTICLE V—CONTROL OF PROPERTY.

The ownership and administration of all real and personal property of the League shall be vested in the Executive Committee, provided, however, that no sale or disposition thereof may be made without the consent of the Board of Trustees of the Social Service Corporation, and provided, further, that all the funds of said League shall be administered by the Treasurer of the Social Service Corporation.

ARTICLE VI—OFFICERS.

The officers of the League shall be a President, a Treasurer and a Secretary. The President, and in his absence the Vice-President, and in the absence of both President and Vice-President, the General Secretary of the Social Service Corporation shall be ex-officio President of the League, and the Director shall be ex-officio Secretary of the League. BALTIMORE PUBLIC SCHOOL SOCCER TOURNAMENT.

The Public Athletic League's Sixth Annual Public School Soccer Tournament which started on Monday afternoon, October 18, was a great success in every way. This year's series both in point of schools and teams entered, and more especially in point of interest manifested, was the largest activity of the kind ever staged by the league. Forty-seven schools, as compared with 40 in 1915; 73 teams, as compared with 62, and 1,079 boys, as against 866, shows clearly the increasing interest being displayed in the game of soccer as it is being taught and played in the outdoor gymnasia of the Public Athletic League. Far more important than the increase in the number of entrants is the decided lack of the old "if we can't win we don't play" spirit, for, in the 109 games played in the entire tournament, only seven times did teams fail to show up, and on these occasions it was not due to a lack of good sportsmanship but press of school studies or inclement weather that kept the lads from appearing to play their scheduled games.

A pennant was awarded to the winning team in each district. The interest in some districts was fully as great as in the City Championship elimination tournament.

BASKET BALL—PUBLIC SCHOOL SECTION.

The fifth annual basket ball tournament for the Public School Section was conducted by the league throughout the city.

Schools were allowed to enter a team in each weight class, i. e., lightweight or 95-lb. class; middleweight or 115-lb. class, and heavyweight or unlimited class.

Forty-five schools made entry with 56 teams in the lightweight class, 20 teams in the middleweight class, and 21 teams in the heavyweight class, making a total of 97 teams entered and 831 boys taking part.

A team picture and the regular Public Athletic League medals were awarded to the winners of the city championship games.

The regular Public Athletic League rules governed all games played. In the lightweight class, eight-minute quarters were played instead of the old type fifteen-minute halves. This departure proved of benefit to the younger players, allowing a rest and a breathing spell between periods. The rules do not allow a goal to be scored from a dribble.

SEVENTH ANNUAL PUBLIC SCHOOL PLAY- GROUND BALL TOURNAMENT.

The seventh annual playground ball tournament for public school boys was held during the months of May and June. Seventy-seven schools with ninety-seven teams and a total of 1,353 players competed. The usual league rules prevailed. The division of classes, lightweight and heavyweight, over and under 95 pounds, gave the older boys an opportunity to compete. The games in the various districts were hard fought and full of interest. District winners in each class were awarded pictures suitably framed and lettered. The district winners came together in a series for the city championships. The regular Public Athletic League medals were awarded to the winners of each class in the city championships, as well as pictures of teams suitably framed and lettered. Summaries:

running test at indoor championships. The bronze test won by 120 boys (or 23 per cent.); the silver test won by 50 boys (or 28 per cent.); the gold test was not won by anyone. Total badges won, 170 (or 22 per cent.).

GROUP ATHLETIC CONTEST, 1915-1916.

A potato race of a new type was introduced into the group athletics during the indoor season, as it was a test of skill as well as endurance. The interest in this type of competition was very keen.

INDOOR EFFICIENCY TEST.

Indoor efficiency tests were held for the first time during the indoor season. Efficiency test for outdoor athletics had proven so successful that a test for indoor athletic efficiency was worked out. The test is arranged by weight classes in 80-lb., 95-lb., 110-lb., 125-lb. and unlimited weight classes. The results of the first season's tryouts and outline of all weight tests are as follows:

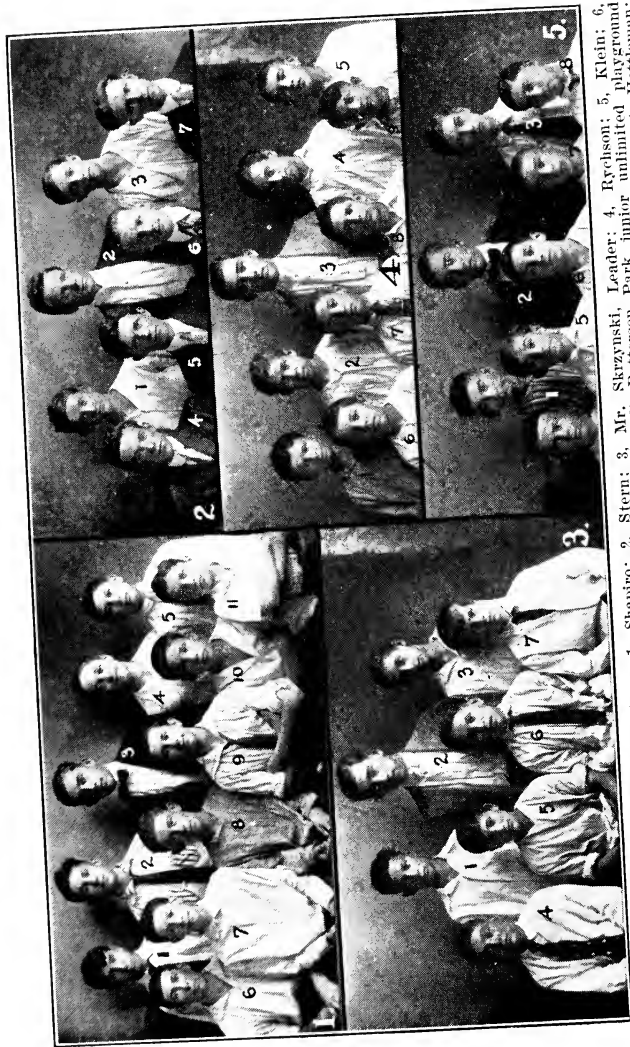

80-lb. class	87
95-lb. class	36
110-lb. class	15
125-lb. class	10

OUTDOOR SECTION.

At the conclusion of the public school athletic season, interest shifts to the Outdoor Stations maintained by the Public Athletic League at the different parks. The work was arranged to include the following athletic features:

Interpark Soccer, Badge Test, Efficiency Test, Local Leagues, "All for Glory" Track and Field Meets, Games Tournament, Kite Flying Contest, Dual and Triangular Track and Field Meets, Hikes and Camping Parties.

The City Wide "All for Glory" Meet and the City Track and Field Championships were postponed on account of quarantine established by Baltimore Health Department.

Certificates are awarded at each park to the Junior and Senior scoring the highest total of points in the "All for Glory" meets.

CARROLL PARK.

Local leagues were not very successful as interest seemed to lag before the completion of the schedules. Late in the season, however, quoit and volley ball leagues were organized comprising 44 seniors. This schedule was stopped by the quarantine, which closed all athletic fields. Three dual, one triangular, and the telephone meet were entered, in all of which Carroll Park made a good showing.

The Southwestern school track and field championships held at this center aroused much interest, 265 entries being received from the schools of this district. Sixteen "All for Glory" meets were held with 300 entrants. The senior certificate was won by Herman Pumpianski with 313 points. The junior certificate was won by Donald Doenzli with 294 points.

CITY SPRINGS.

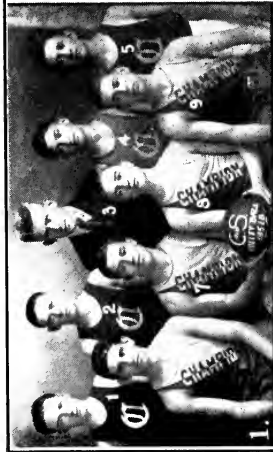

The season at City Springs was very successful. Ten local leagues comprising 54 teams were organized and were the source of great interest to the boys. In spite of the lack of track facilities there was an active interest shown in the week-end "All for Glory" meets. Eleven such meets were held, which drew 375 entrants and the records made were very creditable. The junior certificate was won by R. Kadish, who scored 104 points.

CLIFTON PARK.

The season was very gratifying, an increased interest being shown in all activities. Nine local leagues were organized, comprising 61 teams, composed of 565 boys. Two dual meets and one triangular meet were held with rival parks, in all of which the performances of the Clifton athletes were very creditable. The "All for Glory" meets aroused unprecedented interest and developed the keenest rivalry.

The Clifton Athletic Association was a great factor in the park athletics, as it stimulated greater interest in the all-around development and served to promote ideals of good sportsmanship among the boys.

The junior certificate was won by Gilbert Fox, who scored 101 points, while Henry Haynie won the senior certificate with 62 points.

CITY CHAMPIONS OF GAMES TOURNAMENTS.

EASTERWOOD PARK.

The past summer was in many ways the most interesting and successful season at this center. The Athletic Association was a great factor in developing unity and park spirit and contributed much to the success achieved in track and field athletics. Six local leagues, comprising 17 teams, composed of 177 boys, were conducted. Seventeen "All for Glory" meets were conducted, which drew 255 entrants. Two dual and three triangular meets were entered, in the majority of which Easterwood was victorious.

The junior certificate winner was Allen Kirk, who scored 125 points. The senior certificate went to Jesse Biddinger with 130 points.

LATROBE PARK.

The work at this center was largely one of reorganization. An athletic club was formed which tended to create a desire in the boys to achieve as great an athletic proficiency as possible. Eleven "All for Glory" meets were held, in which about 100 boys participated. Local leagues were organized and they, together with hikes and swimming parties, did much to provide enjoyment for the boys of that section.

William Swanke won the junior certificate with 130 points, and Carl Seward, with 138 points, won the senior certificate.

NEWSBOY CENTER.

In order to give the newsboys something else to do than loaf around the corner waiting for their papers, a playground was opened for them on a vacant lot on Water Street. Two playground ball leagues were formed, which provided competition for 89 boys. Much was done in the way of teaching good sportsmanship and developing more friendly relations between the newsies.

PATTERSON PARK.

The work at this center was successful and contributed much to the enjoyment of the boys in this section of the city. Sixteen local leagues were conducted, furnishing competition for 673 boys and men. The Athletic Association did much to stimulate competition and encourage the boys in their efforts to develop ability as all-around athletes. Two triangular and two dual meets were held with rival parks in most of which Patterson athletes were victorious. Twenty-one "All for Glory" meets were held, in which there were 965 entrants.

William Lippincott, with 96 points, won the junior certificate; William Cavanaugh won the senior certificate by scoring 62 points.

RIVERSIDE PARK.

During the past season unusual enthusiasm was shown in track and field athletics. Two dual track and field meets were won and great interest was shown in the local "All for Glory" meets. In thirteen such meets 423 entrants were received and many good records were made. Three local leagues were conducted which furnished competition for 105 boys.

The winner of the junior certificate was Maurice Butler, who scored 347 points; Louis Ehlers, with 337 points, won the senior certificate.

FIFTH ANNUAL INTER-PARK SOCCER TOURNAMENT, 1915-1916.

A three-division soccer tournament was conducted in Baltimore by the Public Athletic League during the season of 1915-1916.

The first division was for juniors, 95-lb. and under, in which five of Baltimore's parks were represented—Carroll, Clifton, Easterwood, Latrobe and Patterson. The second division was for juniors of unlimited weight. Six teams composed this division—Carroll, Clifton, Easterwood and Latrobe entering one team each and Patterson two teams.

PLAYING VOLLEY BALL.

The junior divisions of the tournament played on a "round robin" basis, Patterson winning the lightweight city championship, with Clifton capturing the honors in the heavyweight class.

The results of games in the junior lightweight class were as follows:

	W.	L.	T.	Pts.		W.	L.	T.	Pts.
Patterson	3	0	2	8	Easterwood	1	2	1	3
Carroll	2	1	2	6	Latrobe	0	4	0	0
Clifton	2	1	2	6					

In the junior unlimited class the games resulted as follows:

	W.	L.	T.	Pts.		W.	L.	T.	Pts.
Clifton	4	0	1	9	Patterson T.C.	1	1	3	5
Latrobe	3	1	1	7	Patterson	1	3	1	3
Carroll	2	2	1	5	Easterwood	0	4	1	1

The senior tournament was composed of six unlimited weight senior teams. Bad weather was rather a drawback during the season. The tournament of the Public Athletic League for seniors was the only organized soccer in Baltimore. St. Elizabeth's, Public Athletic League, the previous year's championship winners, repeated their performance by taking the top honors in fine shape. The senior division of the tournament was conducted on an elimination basis.

The St. Elizabeth's P.A.L. team was composed of D. Cohen, R. Druschell, F. Freimuth, W. Miller, J. Neun, G. Phillips, M. Quill, R. Quill, J. Rodgers, C. Shane, M. Stamm, W. Ward and W. Wilhelm.

	W.	L.	T.	Pts.		W.	L.	T.	Pts.
St. Elizabeth	4	0	0	8	Clifton	1	2	0	2
Patterson Argos	4	3	0	8	Carroll	0	2	1	1
Patterson Tigers	2	2	1	5	Easterwood	0	2	0	0

GIRLS' ACTIVITIES AT CLIFTON PARK, BALTIMORE.

OUTDOOR EFFICIENCY TEST.

The outdoor efficiency test entered upon its third year during the summer of 1916. The events in the tests are arranged in progression and according to weight, i. e., 80 lbs., 95 lbs., 110 lbs., 125 lbs. and unlimited weight class.

To promote interest in the Public Athletic League, "All for Glory" events were selected that would give our athletes a chance to train and at the same time receive a reward for their efforts. A boy or young man is allowed to win two certificates of the same class in one season. This stimulates interest because it gives one a chance to better previous performances. The classification for the outdoor certificates and the final summary is as follows:

FIRST ANNUAL INTERPARK KITE TOURNAMENT.

Following the team game tournament, for which the boys had been preparing for many weeks, a kite flying tournament was introduced. This event created a complete change of thought. The boys were enthusiastic over the idea of having an opportunity to show their skill in making and flying the kites. With only a few days to prepare models, books were obtained from the home and Public Library, suggestions were given by the park leaders, and the main topic of conversation was kite flying.

On the afternoon of August 22, the breeze swept across the extension of Patterson Park and brought smiles to the faces of forty competitors, who represented nearly every section of the city, as they began measuring their kite strings, picking out their positions of advantage and protecting their frailer kites from the wind. Home-made competed against home-made kite and later against those bought. It was plain to observe the ingenuity of the boys in the variety of home-made models, such as Wildman, Aeroplane and Chinese kites. A large red, white and blue kite represented Patterson Park, while Clifton boys flew a well made box kite in the final event. The events follow:

Home-made kites (200 yards flight)—	Won by M. Butler, Riverside; O. Lippincott, Patterson, second; T. Chrysam, Patterson, third.
Bought kites (200 yards flight)—	Won by J. Foltz, Patterson; F. Fitzberger, Patterson, second; V. Heiser, Riverside, third.
200 yards take-in (stick-wind)—	Won by O. Lippincott, Patterson; J. Livermore, Patterson, second.
Long distance flight (any style kite)—	Won by M. Butler, Riverside; F. Fitzberger, Patterson, second; W. Dorrett, Clifton, third.
Long distance flight (representative)—	Won by J. Griggs, Patterson.

THE DIVISION STREET FIELD.

The closing of the "Division Street Field," following orders from the Health Department due to the infantile paralysis situation, marked the closing of the Public Athletic League activities among the colored youth of Baltimore for the year 1916, as far as outdoor activities were concerned.

"ROUND UP"—3 TIMES 3 FOR P. A. L.

The work has been more extensive and farther reaching than at any time since it has been carried on among the colored people.

Early in the spring "Bethel Hall" was procured and a station was established there, which was from the start a Mecca for boys and men, who having several years ago, at Commonwealth Hall learned the elementary points of basket ball, were eagerly and anxiously awaiting the re-establishment of some suitable station, where they might further practice and learn this strenuous yet healthful game.

The central location of the Bethel Station and the non-sectarian policy of the management were both potent factors in making the station a popular and flourishing one.

Not only were hotly contested and spirited games arranged and played between rival local teams, but during the season teams were brought from nearby neighboring towns and cities; in fact, the influence of the work was felt even on the Eastern Shore, where one of the most interesting games of the year was played between a team representing Easton, Talbot County, Maryland, and the Dunbar Athletic Club, a strong local team.

At the Division Street Field, the outdoor station of the league for colored boys, playground ball was the most popular game. During the several years of the activity at this station many good players have been developed and the rivalry between the several teams is at times very keen.

While the enrollment shows a slight increase, yet because of an apparent fear of contracting infantile paralysis, the attendance was a little below the usual standard.

The most gratifying feature of the work at Division Street Field is that for the most part the boys taken care of are of that type that unless engaged in some healthful instructive pastime of the better sort they would be engaged in other things that would tend to drive them to police courts.

During the summer the colored county schools under the management of the league ran a very successful and well attended Field Day at Catonsville. This was the first attempt of anything of that sort in the history of the State. Ribbons of the league were given to the successful athletes and the boys put forth their best efforts to win one of the coveted prizes.

STATIONS FOR GIRLS' ACTIVITIES.

County Schools—Catonsville H.S., Franklin H.S., Highlandtown P.S., Mount Washington P.S., Pimlico P.S., Sparrows Point H.S., Towson H.S.

City Centers—Clifton Park Mansion, Emmanuel Church, Hebrew Orphan Asylum, Highlandtown Recreation Center, Jewish Educational Alliance, Lawrence House, Paret Memorial Church, Patterson Memorial Church, Public Schools 6, 22, 27, 49, 51, 59, 64, 70, 86, St. Paul's Guild and Parish Houses, Social Workers Class, Warner House and Western High School.

All of the centers for girls that were operated in 1915 were open again in 1916 with the exception of Public School 51. The county winter work was extended by the addition of the Pimlico and Mount Washington Schools. A request came from the people of Walbrook to open work for the children of Public School 64. This was done on a co-operative plan with the Children's Playground Association, with Miss Mary Deyer as leader. It was financed by the parents of the children and H. A. Allers. When Mrs. Gamble Latrobe and her associates opened their Recreation Center for the girls of Highlandtown, they asked the association to take charge of the recreation work on Monday nights. This was done, under the leadership of Miss Hughes, with the volunteer help of Miss Jamart and Mrs. Clark. Although the rooms were small for a great variety of work, the dancing and games were entered into most heartily, and the work seemed to meet a real need of the girls of that district.

At the request of the neighborhood, and cordially seconded by Mr. North and the other teachers, a night center was opened in the Franklin High School. In spite of no apparatus but a piano, the attendance the first night was thirty-six, and grew steadily.

As the girls and men who had enjoyed the center so much during the summer seemed to wish it, the league decided to try keeping Clifton Park open through the winter months for girls, with regular indoor recreation work for two nights and dances for two nights.

At the request of its manager, the leadership of another Girls' Friendly class—that of Emmanuel Church—was added. The recreation and gymnastic class of the Paret Memorial was again put in charge of the League.

The county meets run off during May and June have been, heretofore, mostly participated in by the boys only. This year the girls have shown a very growing tendency to do their part for school and county. A badge test for the county girls was also given.

Only a few of the special activities can be mentioned here. Three tournaments were played off, end ball at Franklin High School, basket ball at Catonsville High School and at the Mount Washington School. These were played between the classes within the school. At Franklin High School the first year class won; at Catonsville High School, the third year class won; and at Mount Washington School, the eighth grade won.

An interesting departure from the theory that games without the intense spirit of competition cannot prove interesting was shown at the Western High School. The girls voted against a tournament, divided themselves into Class A and Class B teams, so that they were fairly evenly matched, and played against each other the entire season, with no rewards but the pure love of the game.

The badge test for the girls in the city night centers and the schools of Baltimore County was given again. Out of 367 girls trying, 117 won the bronze badge, 37 the silver, and 1 the gold. The tests are as follows :

Grade I, Bronze Badge—Drill, dumbbell, wand or free work, 80%; dance, dainty step, 90%; double over grasp hanging position, double leg raising ten times (without swinging); basket ball throw, six times in a minute, starting from the foul line and after that from wherever ball drops.

Grade II, Silver Badge—Drill, Indian club, 80%; dance, tarantella or Swedish schottische, 90%; double over grasp hanging position, double leg raising, abducting and adducting and return (two times); basket ball throw ten times a minute, starting from foul line and after that from wherever the ball drops.

Grade III, Gold Badge—Drill, Indian drill (difficult), 80%; dance, Scotch reel or sauterelle, 90%; rope climbing to ceiling; basket ball throw, fifteen times.

DEMONSTRATION AT FOURTH REGIMENT ARMORY.

Christliff, Photo.

In order to win pin a girl must pass all four of the tests in the grades in which she is entering. She can win only one pin a year, and must have passed Grade I before she is eligible for Grade II, and must have passed Grades I and II before she is eligible for Grade III.

For the first time, a joint demonstration of the winter work was given for the friends of the girls and of the League. It took place at the Fourth Regiment Armory, March 28. Taking part was entirely optional. Four hundred and twenty-eight signed up to come and 400 were present. They were girls over fourteen years of age from the night centers of the city and the four county high schools. In spite of the fact that it was a stormy night, the seating capacity of the armory was strained to its utmost. In the intervals between the drills, dances, games, etc., the girls expressed their loyalty to their centers, leaders and the League by a constant din of cheers and songs rendered with more enthusiasm and joy to the girls, perhaps, than comfort to the ears of the audience.

The value to the girls of having them feel that they are an integral part of a large organization, working under the same spirit and for the same aims, seems to me immense. Although we constantly try to bring this about by *talking*, *showing* is much more impressive. Such remarks as "I had no idea that there were so many different centers," and "Isn't it great to think of all those girls having the same good times all winter that we are having," prove that the "showing" was effective. The utmost credit is due to all those who helped, of which there were many volunteers, and to the girls themselves.

Among the most satisfying results of the League's work with girls is the influence on the individual girl. How much this is no one can tell, as a great deal of it is unseen and does not come back to us, and what is realized cannot be estimated by figures. One of the unfortunate situations that we constantly meet is the girl who is allowed at the end of grammar grades to stop school, even though her parents can afford to send her further. When she gets to be nineteen or twenty, she wants to do something more than she is doing or be something better, and realizes her handicap is her lack of education.

There is a most satisfying growth in the opportunities that the League has for co-operation with other organizations. The Children's Playground Association and the League, as in former years, worked together in the matter of leaders. Two of their leaders carried classes for us and two of ours did work for them. Mr. Clark, field leader of the boys' section, taught the game class again in their Training School. We were also able to furnish the Warner House, Lawrence House, Highlandtown Recreation Center, the Jewish Educational Alliance, five churches and the Hebrew Orphan Asylum with paid or volunteer workers. The co-operation between the League and the Baltimore County School Board has been most happy and successful.

The social side, as always, has played a very large part in the life of the centers. The usual number of occasional parties took place at such times as Halloween, Christmas, etc. It is interesting to see how quite spontaneously the social life will take different forms different years. Recently it has shown a decided tendency "to go visiting." Several very pretty parties were given by different centers to others and often the visiting took the form of merely "calling," i. e., the girls from the visiting center came in their regimentals and entered into the class and the fun with as much vim as if it were their own, for if it is the Public Athletic League, they feel at home.

It is a deplorable tendency of most of us to take very soon what is given to us as a matter of course. It has been delightful to see the increased tendency among the girls to value what the League is doing and to appreciate the devotion of the leaders to the girls. The unlooked-for and unexpected ways the girls have taken to show this have been many and most gracious and have been much appreciated by the leaders.

FLORENCE D. ALDEN,

In Charge of Girls' Activities.

MEDICAL SECTION.

Athletics would not accomplish its desired ends of character-making were they not based upon good health. The League seeks to secure beneficial physical results by thorough medical examinations. It endeavors to discover defects that contraindicate violent exercise as heart disease or rupture; to advise all in regard to conditions that endanger future health as diseased tonsils; to study the statistics secured to discover causes of disease or to learn of facts hitherto unknown. During the past year studies of the League upon pubescence were published by the National Education Association.

During the past year there were the following developments: the health first buttons, closer relations with the hospitals, and the co-operation of the Instructive Visiting Nurse Association.

In June white buttons, inscribed "Health First," were given to each boy who had no physical defect. Hitherto every boy who was not debarred from athletics had been given a celluloid button annually. Each park was scored on a percentage basis, according to the number of boys receiving the coveted white ones. It was not unusual to be greeted by "Are my teeth clean enough for a white button now?"

Arrangements were made whereby difficult boys were assigned to the park leaders by the Social Service Department of Johns Hopkins Hospital and convalescent cases needing exercise were referred for treatment.

The most significant advance made by the League in its medical care has been the far-reaching effects of the following up of defective boys and girls by the nurses of the Instructive Visiting Nurse Association. Not only were 4,575 visits made, but countless good was done in educating the families and friends of our members.

Dr. Alfred W. Brown resigned July 15, after nearly three years of devoted service to the League and to the boys and girls of Baltimore. Earnest, sympathetic and untiring, his efforts are shown in the accompanying summary:

GOVERNOR EMERSON C. HARRINGTON AMONG THE ATHLETES ON THE FIELD.

REPORT OF SPECIAL COMMITTEE APPOINTED BY DR. M. BATES STEPHENS AT OCEAN CITY, JULY 2, 1914.

At a meeting of this Special Committee, held at the City Club, Baltimore, on January 14, 1916, there were present Messrs. Cook, Grimes, Holloway, Morelock and Phillips.

I.

The Committee, in view of the success of the county school meets and the State Wide Olympiad last year, recommends that co-operation with the Public Athletic League in the conduct of athletic meets be continued during the ensuing year along the same lines with a few additions.

The Public Athletic League will furnish medals as prizes for the athletic meets for each county as well as for the State Wide Track and Field Championships. They will send score sheets, entry blanks and necessary instructions and forms for the principal of each school.

The county is to furnish the programs, officials and send the winners of the different athletic events at their county's expense to the Second Annual State Wide Track and Field Championships to be held in Baltimore. The Public Athletic League will secure entertainment for the boys in the homes of local school-boys.

The same plan will be followed in having each county conduct an athletic meet in the Spring with the co-operation of the Public Athletic League and, at the end of the season, have a State Wide Olympiad in Baltimore City.

It was agreed that boys should be classified according to their age and weight. Boys who were 16 years old on or before January 1st, 1916, are considered as Seniors. All other boys are Juniors.

The Juniors are divided, according to their weight, into four classes—80 pounds and under, 95 pounds and under, 115 pounds and under, and unlimited weight. The latter class is to include boys who are not yet 16 years of age, but who are too heavy to enter the other weight classes.

It is unwise for a boy to compete in a higher weight class than his own, but this is allowed in order to make up a relay.

Boys will be weighed on the day of the meet in the costume in which they are to compete and must not be over weight.

No boy who has reached the age of 21 is eligible to compete. A boy must have been a bona fide scholar on February 1, 1916.

A boy may enter only two (2) events in one (1) meet—one (1) running and one (1) field event. He must not be entered in two (2) running or two (2) field events. This is necessary in order that the meet may be run quickly, which makes more pleasure for both spectators and competitors.

The entry blanks will call for the entry of six (6) boys on each relay team and two (2) teams may be entered in each weight class. Since it is believed that the relay team requires more co-operation than does running alone, this event has double the number of points scored. That is—the winning relay team is awarded ten (10) points and the second team six (6) points, whereas in other events the winner gets only five (5) points and the second place winner three (3), third two (2), fourth one (1).

If a school has entered twelve (12) boys on its two (2) relay teams and on the day of the meet only seven (7) boys appear, three (3) of those boys may run in the individual dash of the weight class in which they belong. If all twelve (12) boys appear, four (4) of them would have to run in the dash of the weight class to which they belong, since their relay teams would be filled.

A boy on the day of the meet cannot be transferred from a dash to a relay in order to complete a team. The proper way is to enter six (6) on the relay team.

The Public Athletic League plans to have a medical examination made of the heart of every boy who competes. Thirteen hundred and forty-one were examined last year in the counties.

WILLIAM MILNES MALOY,
From whose ideas came Maryland's State athletics.

The events decided upon by the Committee are as follows:

80-lb. class—

50 yards dash.
Standing broad jump.
Base ball throw for distance.
440 yards relay race (4 boys).

115-lb. class—

70 yards dash.
Running broad jump.
Base ball throw for distance.
660 yards relay race (4 boys).

95-lb. class—

60 yards dash.
Standing hop, step and jump.
Base ball throw for distance.
440 yards relay race (4 boys).

Junior unlimited class—

80 yards dash.
220 yards dash.
Running high jump.
Eight-pound shot put.
880 yards relay race (4 boys).

Senior class—

100 yards dash.
440 yards run.
880 yards run.
Running broad jump.
Running high jump.
Twelve-pound shot put.
One mile relay race (4 boys).

II.

The Committee also recommends the same Badge Test for boys as last year; for instance, a boy who jumps 5 feet 9 inches, pulls himself up to his chin 4 times, and runs 60 yards in 9 seconds, will receive a bronze badge signifying that he has completed this test.

In addition, for those who have won the bronze badge in 1915, a second grade test will be given. Each boy who jumps 6 feet 6 inches, pulls himself up to his chin 6 times, and, on the day of the meet runs 100 yards in 13-2-5 seconds, will receive a silver badge.

III.

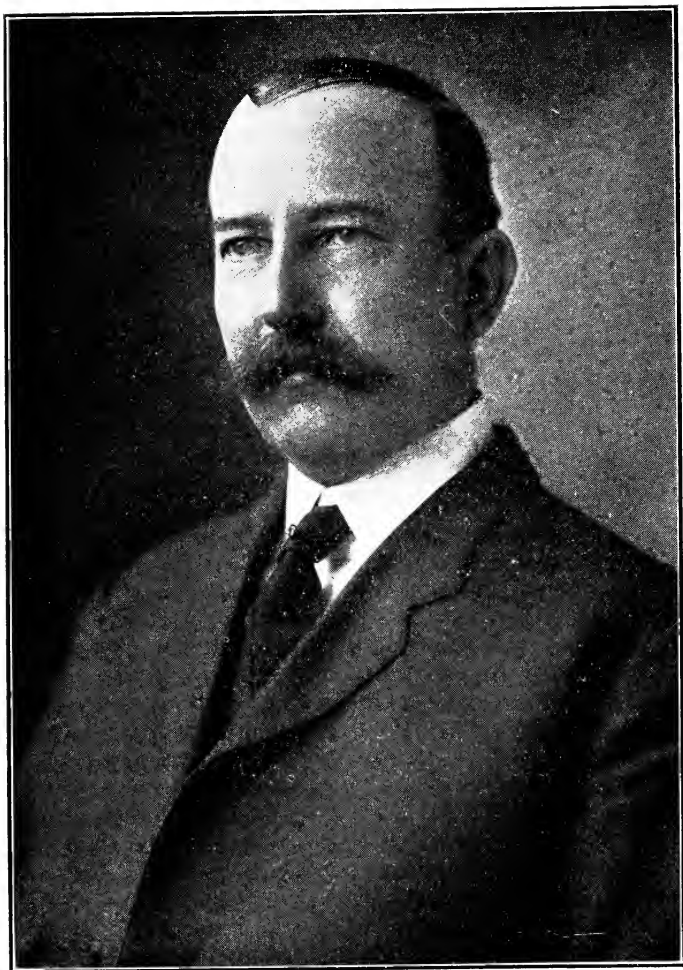

The Committee also recommends a Badge Test for girls similar in character to the boys'. Each girl at her school will do the first two tests: (1) "balancing"—she shall walk a beam 2 inches (by 4 inches by 12 feet long) from center of beam, walking forward, to end; without turning, walk back to center; turn and walk forward to end; turn and walk forward to starting point; (2) "leg raising"—she shall hang from a bar (similar to that upon which the boy chins); she shall raise the legs straight to a right angle ten (10) times. On the day of the meet she shall be able to throw the dodge ball (15 to 18 ounces, from a line) a distance of 25 feet. Bronze pins will be given to girls who complete this test.

IV.

The Committee also recommends that this year every school form a "Dodge Ball" team composed of ten (10) boys all 95 pounds or under. This game is played with one team in the center of a circle 40 feet in diameter; the other team outside of the ring strike with a ball as many as possible inside of the ring. A boy struck leaves the game. The side which strikes all of the boys most quickly wins. Each side stays in the ring 3 minutes. Detailed rules will be sent later. Spalding's No. "0" Soccer Ball is the best and cheapest ball for this game.

THE ATHLETIC BADGE TEST FOR BOYS.

The Public Athletic League of Baltimore has adopted the following standards which every boy ought to be able to attain:

First Test for Bronze Badge—

Pull-up (chinning)	4 times.
Standing broad jump.....	5 feet 9 inches.
60 yards dash.....	9 seconds.

Second Test (for those who won Bronze Badge), for Silver Badge:

Pull-up (chinning)	6 times.
Standing broad jump.....	6 feet 6 inches.
100 yards dash.....	13 2-5 seconds.

No age nor weight limit is fixed; any boy may enter any test at any time the teacher is willing to act as judge.

These tests are simple, consist of events which are interesting, and are generally acceptable. The test requires only simple apparatus and a comparatively small space. They can be conducted in a short period of time even with a considerable number of boys, and the measure of each boy's performance can be accurately determined.

CONTESTS.

The following general rules shall govern the final competition:

No boy is permitted to receive more than one badge for any grade in any one year.

It is necessary to qualify in all three events in any one class in order to win a badge.

There shall be but one trial in chinning, one in the dashes, and three in the jumps.

1. PULL-UP (CHINNING).

A portable chinning bar in a doorway, a horizontal bar in the gymnasium or the rungs of a ladder set at an angle against a building may serve the purpose.

"Each contestant begins with his hands on the bar. The contestant shall extend himself to his full length before and after each pull-up, and shall also pull-up without a kick, snap, jerk or swing, to such height as to bring his 'chin' higher than the bar. Lowering himself again until his arms are straight, he repeats the 'Pull-Up.'"

2. STANDING BROAD JUMP.

Whenever possible it is best to prepare a jumping pit by digging up a piece of ground about 4 feet by 25 feet and have a wooden joist 4 inches deep by 8 inches wide imbedded in the ground at one end of the pit, flush with the surface, to serve as a "take off." It is also well to mark off 5 feet 9 inches from the "take off." Each competitor is allowed three jumps, his best jump being taken as his record.

"The feet of the competitor may be placed in any position, but shall leave the ground once only in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result. A competitor may rock back and forward, lifting heels and toes alternately from the ground, but may not lift either foot clear of the ground, nor slide either foot along the ground in any direction."

The outer edge of this joist shall be called the scratch line, and the measurement of each jump shall be made at right angles to the nearest break in the ground made by any part of the person of the competitor.

3. 60 OR 100 YARDS DASH.

A stop watch is necessary for timing the boys in this event. Under the direction of a starter each individual competitor takes his position on the starting mark. The starter gives the signal by saying: "On the mark," "Get set," "Go." At the word "Go" the timekeeper starts his watch. As the runner crosses the finish line (60 or 100 yards from the starting line), the timekeeper stops his watch. The time indicated on the stop watch is the runner's time.

"A false start is one where any part of the person of a competitor touches the ground in front of his mark before the starter purposely gives his signal. The third false start shall disqualify the offender. The competitor shall keep his hands behind the mark assigned to him."

This running event will be run the day of the county meet and judged by its officials. The other two events shall be certified to by the school teacher on blanks which will be sent shortly.

THE ATHLETIC BADGE TEST FOR GIRLS.

The Public Athletic League of Baltimore has adopted the following standards which girls ought to be able to attain:

First Test—For Bronze Badge—

Balancing	once in 2 trials
Leg raising	10 times
Far-throw basket ball.....	25 feet

Any girl may try any test at any time the teacher is willing to act as judge. Any age or weight is eligible. The same rules govern contests as in boys' badge tests.

1. BALANCING.

A beam 2 by 4 inches, 12 feet long, is set so the 2-inch side is to be walked upon. It need not consequently be over 4 inches high. Spalding sells a Balance Beam suitable for indoors. One can be made for outdoors for \$1.00.

"A girl should start at center of beam and walk forward to end; without turning, walk backward to center; turn, walk forward to other end; turn, walk forward to starting point."

2. LEG RAISING.

Use chinning bar when boys are not using it.

"Each contestant begins with hands on bar. It is best to grasp bar with one or both hands facing one. She shall raise both legs, knees straight, to a right angle (without any more swinging than can be helped), then lower to original hanging position. Repeat continuously ten times."

3. FAR-THROW BASKET BALL.

The ball shall be from 15 to 18 ounces in weight. It is thrown from a stand with feet apart, with the toes at the line. The throw is from both hands over the head. Swinging the arms with bending of the trunk is an advantage. The toes or heels may be raised, but a jump is not permitted. Touching the ground in front of the line or stepping over the line before the throw is measured constitutes a foul. (A foul counts as one trial.) Three trials are given each contestant, of which the best one counts.

The ball must land within a lane 10 feet wide and must strike the ground at least 25 feet from the throwing line. Whole feet only are counted.

This test will be made the day of the county athletic meet.

CIRCLE DODGE BALL.

A circle shall be drawn on the ground 40 feet in diameter.

Teams—Shall consist of ten players, one of which stands around the outside of the circle. The other team is grouped anywhere within the circle.

Object of the Game—The object of the game is for the outer circle team to hit the players of the inner circle team with the ball. Any player so hit being "out" and having to leave the game.

Officials—A Referee, who shall be a Scorer and Timer.

Start—The game starts on a signal from the Referee with the ball in the hands of the outer circle team. The Referee blows his whistle for play to cease whenever an inner circle player is fairly touched with the ball; and again for play to resume. The Referee also signals when "Time Limit" has expired.

Rules and Points of Play—The players on the outer team must not step within the circle when throwing. The inner team does not play the ball, it only "dodges" the ball. The "dodging" may be done by stepping quickly in one direction or another.

Time Periods—A game shall consist of two three-minute periods or "innings" for each team.

Score—One point shall be scored for each member of the team remaining in the circle at the expiration of "Time Limit." Should all members of the side be retired before the expiration of the "Time Limit" in both innings of three minutes each, the team remaining "in" the longer period wins. The fact that one team remains in the circle longer in either inning does not change the final score. The team which has had the greatest number of total members remaining in the circle at the expiration of both halves, or innings, wins.

RULE IV.

1. Protests affecting the right of any athlete to compete in any championship meeting shall be made to the Chairman of the Games Committee before the championship meeting is held, and if the Committee deems it advisable, the athlete may compete under protest. The Committee may provide for a trial or hearing in relation to the protest, and its decision shall be final. The Committee shall also have absolute power to reject any entry.

2. The Games Committee of the Public Athletic League shall appoint the officials and manage all Championship Meetings.

3. In County Championships eligibility of pupils to represent a school shall be determined by the teachers, subject to review by the Superintendent of the County.

4. In Institutional Championships the Head of the institution shall decide upon eligibility of athlete subject to review by the Games Committee.

5. In Outdoor Championships a competitor must compete for the Park or Station nearest which he lives.

RULE V.

1. Whenever an athlete wins a medal representing an organization or club other than his school, he shall cease to be eligible to compete in Public Athletic League activities.

RULE VI.

RECORDS.

1. No record shall be accepted unless timed by at least three official Timekeepers, or, in field events, unless measured by at least three Field Judges.

2. The Record Committee shall investigate every performance to which their attention is called and shall be empowered, in their discretion, to reject any record which shall not be supported by the affidavits of at least six officials certifying as to the place, time of day, state of weather, condition of path or field, force and direction of wind, level or grade of grounds, weight, measurement and material of implement, and correctness of announced time or distance.

RULE VII.

POINT TROPHIES.

1. In track and field competitions the trophy shall be awarded to the Station scoring the greatest number of points on the basis of 5 points for first, 3 for second, 2 for third and 1 for fourth place.

2. When two or more Stations are tied in the number of points, the trophy shall be awarded to the club whose representatives score the greatest number of first places. If two or more Stations are still tied for points, then to the Station whose representatives score the greatest number of second places. If two or more Stations are still tied, the trophy shall be cut in equal parts or two trophies be given.

3. Events not advertised on entry blanks shall not count in points scored.

RULE VIII.

ELIGIBILITY TO LIMITED EVENTS.

1. The eligibility to compete in events that are limited to competitors who have never accomplished a certain time, distance or height in a given event, shall be determined by the competitor's record when the entries for such event closed.

2. In all competitions in which classification is by weight, competitors must weigh in within three hours of the beginning of the competition.

RULE IX.

ENTRIES.

1. All entries for competition held under Public Athletic League rules must be made on the entry forms adopted by the Public Athletic League.

2. An athlete who fails to compete after entering an event in a *bona fide* way, and according to the rules, shall be required to furnish a satisfactory excuse for such failure or render himself liable to censure or suspension by the Games Committee.

RULE X.

PROFESSIONAL CONTESTS FORBIDDEN.

1. No professional contest or exhibition shall be allowed at any games, meetings or entertainments held under the auspices of the Public Athletic League. A regularly employed instructor, however, may take part with his pupils in group exhibitions.

2. No competition shall be held between an amateur and a professional, and where both amateur and professional contests are held at the same place and on the same day, all amateur events must either precede the professional or *vice versa*.

RULE XI.

ATHLETES' ATTIRE.

1. No athlete shall be allowed to wear the emblem of any club or organization which he is not eligible to represent in open competition under the rules of the Amateur Athletic Union.

2. Athletes in track and field events shall be required to wear trunks or breeches reaching to within four inches of the knee, and the clothing must be clean and so designed and worn as to not make an indecent display of the competitor's person. It shall be the duty of the Clerk of the Course to see that each and every contestant is properly attired, and under no circumstances shall athletes be allowed to dress or undress, except in the rooms or places provided for that purpose.

RULE XII.

PHYSICAL EXAMINATION.

1. In running distance events no competitor shall be allowed to start unless he has passed a physical examination to be made by a physician appointed by the Public Athletic League.

ATHLETIC RULES.

Track and Field Events.

RULE I.

OFFICIALS.

1. All amateur meetings shall be under the direction of

A Games Committee.
One Referee.
Four Inspectors.
Four or more Judges at Finish.
One Chief Field Judge.
Six or more Field Judges.
Three Timekeepers.
One Field Doctor.
One Starter.
One Clerk of the Course.
One Chief Relay Clerk.
Four Assistant Relay Clerks.
One Scorer.
One Official Surveyor.
One Marshal.

2. If deemed necessary, assistants may be provided for the Timekeepers, the Clerk of the Course, the Scorer, and the Marshal, and an Official Announcer may also be appointed.

RULE II.

1. The Games Committee shall consist of three members appointed by the Executive Committee of the Public Athletic League.

RULE III.

REFEREE.

1. The Referee shall enforce all the rules and decisions of the Public Athletic League, and shall decide all questions relating to the actual conduct of the meeting, the final settlement of which is not otherwise assigned by said rules.

RULE IV.

INSPECTORS.

1. It shall be the duty of an Inspector to stand at such point as the Referee may designate; to watch the competition closely, and in case of a foul or violation of the rules by a competitor or other person, to report to the Referee what he saw of the incident.

2. Such Inspectors are merely assistants to the Referee, to whom they shall report, and have no power to make any decisions.

RULE V.

JUDGES AT FINISH.

1. There shall be four or more Judges at Finish, who shall decide the order in which the competitors finish in the competition. In case of a disagreement, the majority shall decide. Their decision as to the order in which the men finish shall be final and without appeal.

RULE VI.

FIELD JUDGES.

1. The Chief Field Judge shall see that all implements and equipments are in accordance with Public Athletic League rules and that the field events are conducted expeditiously.

2. The Field Judges shall measure, judge and record each trial of each competitor in all games, whose record is of distance or height. Their decision as to the performance of each man shall be final and without appeal.

RULE VII.

TIMEKEEPERS.

1. Each of the three Timekeepers shall time every event. In case two of their watches agree, and the third disagrees, the time marked by the two shall be official time. If all watches disagree, the time marked by the watch giving the middle time shall be the official time. Time shall be taken from the flash of the pistol.

2. Should assistants to the Timekeepers be provided, they shall perform like duties, but the time recorded by their watches shall only be accepted in the event of one or more of the watches held by the other Timekeepers failing to mark the time, in which case they shall be called upon in such order as may be previously decided upon, so that on all races, where possible, three watches shall record the time.

3. If, for any reason, only two watches record the time of an event, and they fail to agree, the longest time of the two shall be accepted as the official time.

RULE VIII.

CLERK OF THE COURSE.

1. The Clerk of the Course shall be provided with the names and the numbers of all entered competitors, and he shall notify them to appear at the starting line before the start in each event in which they are entered. He shall control his assistants, and assign to them such duties as he may deem proper. In all track competitions run in lanes the choice of lanes shall be drawn for in each heat; in all other track competitions the positions shall be numbered from the curb or pole and shall be drawn for according to clubs in scratch events, and in handicap events the competitors shall be allotted their positions by the Clerk of the Course.

RULE IX.

SCORER.

1. The Scorer shall record the order in which each competitor finishes his event, together with the time furnished him by the Timekeepers, and the height or distance furnished him by the Field Judges. He shall keep a tally of the laps made by each competitor in races covering more than one lap, and shall announce by means of a pistol shot, or otherwise, when the leading man enters the last lap. He shall control his assistants, and assign to them such of his duties as he may deem proper.

RULE X.

OFFICIAL SURVEYOR.

1. The Official Surveyor shall survey the track and all courses for the distances which are to be contested and furnish a statement of same to the Games Committee or Referee before the games.

RULE XI.

MARSHAL.

1. The Marshal shall have full police charge of the enclosure and shall prevent any but officials and actual competitors from entering or remaining therein. He shall control his assistants and assign to them their duties.

RULE XII.

STARTER.

1. The Starter shall have entire control of the competitors at marks, and shall be the sole judge of fact as to whether or not any man has gone over his mark.

2. All races shall be started by the report of a pistol, except that in time handicap races the word "Go" shall be used.

3. All questions concerning the start shall be decided by the Starter.

4. When any part of the body of the competitor shall touch the ground in front of his mark before the starting signal is given, it shall be considered a false start.

5. If, in the opinion of the Starter, a false start has been made, he can recall the competitors by a second pistol shot, and penalize the offender or the offenders.

6. For all races up to and including 125 yards, the competitor shall be put back 1 yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, 2 yards for the first and 2 yards for the second; in races over 300 yards and including 600 yards, 3 yards for the first and 3 yards for the second; in races over 600 yards and including 1,000 yards, 4 yards for the first and 4 yards for the second; in races over 1,000 yards and including 1 mile, 5 yards for the first and 5 yards for the second; in all races over 1 mile, 10 yards for the first and 10 yards for the second. In all cases the third false start shall disqualify the competitor from the event. In relay races the penalty shall be according to the distance the offender is to run in the race.

7. The Starter shall also rule out of that event any competitor who attempts to advance himself from his mark, as prescribed in the official program, after the Starter has given the warning to "get ready."

8. The Starter must have at least two good cartridges in his pistol before starting a heat.

RULE XIII.

OFFICIAL ANNOUNCER.

1. The Official Announcer shall receive from the Scorer the result of each event and announce the same by voice or by means of a bulletin board.

RULE XIV.

THE COURSE.

1. Each competitor shall keep in his respective position from start to finish in all races on straightaway tracks. On races with tracks of one or more turns, he shall not cross in front of a competitor until he is two yards in advance of his nearest competitor, and shall not cross on straightaway of final lap.

RULE XV.

THE COMPETITION.

1. Any competitor wilfully jostling, or running across, or obstructing another competitor so as to impede his progress, or competing to lose or to coach another competitor, either in a trial or final contest, shall forfeit his right to be in the competition, and shall not be awarded any position or prize to which he would otherwise have been entitled.

2. No competitor, after leaving the track, shall be allowed to rejoin a race either for the purpose of gaining a place or to pace or assist another competitor.

3. When, in any but the final heat of a race, a claim of foul or interference is made, the Referee shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and shall also have the power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

4. When, in a final heat, a claim of foul or interference is made, the Referee shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

5. Any competitor who shall refuse to obey the directions of the Referee or other proper official, or who shall conduct himself in a manner unbecoming a gentleman, or offensive to the officials, spectators or competitors at any meeting held under the rules of the Public Athletic League, may be disquali-

fied by the Referee from future competition at the meeting, and if the Referee thinks the offense worthy of additional punishment he shall promptly make detailed statement of the offense to the Games Committee to prevent further competition.

RULE XVI.

CHANGE OF PROGRAM.

1. The order of events, as laid down in the official program, shall not be changed, nor shall the announced arrangement of heats in any event be added to or altered except by the Referee, who, however, shall have no authority after heats have been duly drawn or published in the program, to transfer a contestant from one heat to another.

RULE XVII.

POSTPONEMENTS.

1. The Referee shall have the power to call off or postpone to a future date any event even though the same has been actually commenced, if in his judgment the competition cannot be conducted or completed in a satisfactory manner and in fairness to the competitors.

2. Should any event have been actually commenced, it shall be conducted (between the competitors who reported on the first date) at a future date in the same manner as though the competition had never been started.

RULE XVIII.

COMPETITORS.

1. All competitors shall report to the Clerk of the Course immediately upon their arrival at the place of meeting, and shall be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they shall not be allowed to start.

2. Each competitor shall inform himself of the time of starting, and shall be promptly at the starting point of each competition in which he is entered, and there report to the Clerk of the Course.

3. He shall be weighed or checked in, and have stamped upon his wrist Clerk of Course's O. K. fifteen minutes before games are advertised to begin.

RULE XIX.

FIELD EVENTS.

1. The officials shall have the power to change the place of the competition in any field event if in their opinion the conditions warrant the same.

RULE XX.

WEIGHT EVENTS.

1. In all weight events thrown from the circle, the competitor must stay in the circle until his attempt is marked by an official.

2. In all weight events thrown from the circle, the competitor may touch the inside of the circle.

3. The circle shall be 7 feet (2.134 meters) in diameter for all weight events. The circle shall be measured from the inside, and in outdoor competitions shall be sunk almost flush with the ground. In indoor competitions the circle may be marked on the floor.

RULE XXI.

THE FINISH.

1. The finish line shall be a line on the ground drawn across the track from finish post to finish post and the men shall be placed in the order in which any part of their trunk (i. e., "torso," as distinguished from the head, arms, feet or hands) crosses such line.

2. For the purpose of aiding the judges, but not as a finish line, there shall be stretched across the track at the finish a worsted string, which shall not be held by the judges, but fastened to the finish post at either side, so it will always be at right angles to the course and parallel to the ground.

3. No competitor shall be considered to have finished unless his entire body shall have crossed the finish line.

RULE XXII.

TRACK MEASUREMENT AND THE DIRECTION OF RUNNING.

1. All distances run or walked shall be measured upon a line 12 inches outward from the inner edge of the track, except that in races on straightaway tracks the distance shall be measured in a direct line from the starting mark to the finish line.

2. The direction of the running shall be left hand inside.

RULE XXIII.

USE OF IMPLEMENTS.

1. A competitor may use his own implement, provided the same complies with the specifications hereinafter set forth.

2. No competitor shall be permitted to use the implement of another competitor without the special consent thereto given by the owner of such implement.

RULE XXIV.

OFFICIAL PEGS.

1. In events where cross-bars and pegs are to be used, pegs shall be without rings and of uniform thickness and must not extend more than 3 inches from the uprights. The cross-bar must be of wood, not over 1 inch square, the ends of which must not project more than 6 inches beyond the pegs.

RULE XXV.

PROTESTS.

1. Protests against any entered competitor may be made verbally or in writing to the Superintendent of County Schools or to the Games Committee or any member thereof before the meeting, or to the Referee during the meeting. If possible, the Committee or Referee shall decide such protests at once. If the nature of the protest or the necessity of obtaining testimony prevents an immediate decision, the competitor shall be allowed to compete under protest, and the protest shall be decided by the Games Committee, unless its subject be the amateur standing of the competitor or his eligibility to compete, in which case the Superintendent of County or Games Committee must report such protest within forty-eight hours.

RULE XXVI.

TIES AND DEAD HEATS.

1. In all scratch contests where results are determined by measurements of height or distance, medals shall be awarded to each competitor and points shall be divided.

2. In case of a dead heat in any track event the competitors shall be allowed to divide the points and special medals shall be awarded each competitor.

Jumping.

RULE XXVII.

RUNNING HIGH JUMP.

1. The Field Judges shall decide the height at which the jump shall commence, and shall regulate the succeeding elevations.

2. Three jumps are allowed at each height, and a failure at the third attempt shall disqualify.

3. A competitor may commence at any height above the minimum height.

4. At each successive height each competitor shall take one trial in his proper turn; then those failing, if any, shall have their second trial jump in like order, after which those having failed twice shall make their third trial jump.

5. A competitor may decline to jump at any height in his turn, and by so doing forfeits his right to again jump at the height declined.

6. The jump shall be made over a bar resting on pegs projecting from the uprights, and when this bar is removed from its place it shall be counted as a trial jump.

Neither diving nor somersaulting over the bar shall be permitted.

7. A line shall be drawn 3 feet in front of the bar and parallel therewith, to be known as a balk line, and stepping over such line, in any attempt, shall be counted as a "balk," and two successive "balks" shall be counted as a trial jump.

8. As soon as a competitor makes a spring in order to jump, this shall be counted as a trial jump.

9. The distance of the run before the jump shall be unlimited.

10. All measurements shall be made perpendicularly from the ground to the upper side of the bar where it is lowest.

11. The employment of weights or grips of any kind is forbidden.

12. A competitor may place a mark for his take-off in running broad or running high jump.

13. The uprights shall not be moved during the competition.

14. The uprights shall be at least 12 feet (3.66 meters) apart.

15. The take-off ground about the jump must be level.

RULE XXVIII.

STANDING BROAD JUMP.

1. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as one trial jump without result. A competitor may rock forward and backward, lifting heels and toes alternately from the ground, but he may not lift either foot clear from the ground or slide it along in any direction on the ground.

RULE XXIX.

RUNNING BROAD JUMP.

1. The length of the run is unlimited. Each competitor shall be allowed three jumps, and the five best shall be allowed three more jumps. Each competitor shall be credited with the best of all his jumps.

2. When jumped on earth the take-off shall be from a joist sunk flush with the ground, the outer edge of which shall be called the scratch line. In front of the scratch line, over a width of 3.94 inches, the ground shall be sprinkled with soft earth or sand to make it slightly higher than the take-off joist. The measurement of the jumps shall be made at right angles from the scratch line, or scratch line extended, to the nearest break in the ground made by any part of the body of the competitor.

3. If any competitor swerves aside at the taking-off line, or the line extended, or touches the ground in front of the take-off joist with any part of his foot, such jump shall not be measured, but it shall be counted against the competitor as one jump.

4. A line shall be drawn 6 feet in front of the scratch line, to be known as the balk line, and stepping, or falling over such line, or such line extended, in any attempt, shall be counted as a "balk," and two successive balks shall be counted as a trial jump.

5. The rules of the Running High Jump shall govern, where applicable.

RULE XXX.

HOP, STEP AND JUMP.

1. The competitor shall first land upon the same foot with which he shall have taken off, the reverse foot shall be used for the second landing, and both feet shall be used for third landing.

2. In all other respects, the rules for the Running Broad Jump shall govern.

RULE XXXI.

PUTTING THE SHOT.

1. The shot shall be put from the shoulder with one hand only, and it must never be brought behind the shoulder.

2. In the middle of the circumference of the circle, at the front half thereof, shall be placed a stop-board, firmly fastened to the ground. In making his puts, the feet of the competitor may rest against but not on top of this board.

3. A fair put shall be one in which no part of the person of the competitor touches the top of the stop-board, the top of the circle, or the ground outside the circle.

4. The measurement of each put shall be taken at the circle from the nearest mark made by the fall of the shot to the inside of the circumference of the circle on a line from such mark made by the shot to the center of the circle.

5. Foul puts and letting go the shot in making an attempt shall be counted as trial puts without result. It shall also be a foul if the competitor steps on the circle, or leaves the circle before his throw has been marked.

6. Each competitor shall have three trial puts, and the best five shall have three more. Each competitor shall be credited with the best of all his puts.

RULE XXXII.

METHOD OF MEASURING.

1. In all weight events and broad jumps, that portion of the tape showing the feet and inches must be held by the official at the take-off or at the circle.

RULE XXXIII.

RELAY RACES.

1. A line shall be drawn 10 yards on each side of the starting line of each relay to be known as the starting zone. Within this zone each runner must pass the baton to the succeeding runner. No member of a relay team in order to relieve his team mate can run outside of such zone. The baton must be passed, not thrown or dropped, by a competitor and picked up by the one succeeding him. Violation of any of these rules by any competitor shall disqualify the team.

2. No man can run two relays in any one team.

3. The composition of a team cannot be changed after a trial heat has been run. No change can be made in the order of running, except in relay races where each competitor runs the same distance.

4. The positions of the teams must be drawn for.

5. In all relay races an announcement must be made as to the distance each competitor is to run in his relay. Any competitor failing to run the distance required shall cause his team to be disqualified.

6. In the case of a handicap relay race the runner on the first relay is allowed the total handicap allowed each team.

RULE XXXIV.

POTATO RACE.

Potato boxes made by any of the manufacturers of standard gymnasium apparatus may be used, or they may be made as follows: Boxes 4 inches deep, placed upon stands 2 feet high, whose base shall not measure more than 12 inches square, shall be placed upon the floor 31 feet apart at their outside edges. The boxes shall not be loaded or fastened in any way to the floor. The base of the box is placed in the center of a sixteen-inch square

(outside measurement) marked on the floor. The competitor shall start with one potato in his hand on a line with the outside edge of the box, in which are placed the other potatoes. He shall circle outside the boxes, transferring one potato each, and finish across the starting line. If a competitor knocks over a box or moves a box so that any part of the base projects beyond the square marked on the floor, he shall be disqualified, but may be given one other trial by the judges. No rubber or mats of any similar material shall be placed on the floor, but the use of resin will be allowed. For the 60 yards potato race, 3 potatoes shall be used; for the 160 yards race, 8 potatoes; and for the 220 yards race, 11 potatoes. Pieces of curtain pole or blocks of wood of uniform size may be used for potatoes.

RULE XXXV.

TARGET THROW.

The target shall consist of four circles with the following diameters: Bull's eye, 1 foot; Inner, 2 feet; Magpie, 3 feet; Outer, 4 feet. An indoor base ball 12 inches in diameter shall be used. The lower edge of the target shall be 4 feet from the floor. Each competitor shall be allowed only one trial, in which he shall have four throws from a distance of 30 feet. In making a bull's eye no part of the ball shall touch the inner circle, and so with each of the other circles. For instance, if any part of the ball touches the outer circle it shall count as being outside of the target. In other words, to secure the number of points given for any circle, the ball must hit the target entirely within that circle. Otherwise, it will count for the next outer circle. Points shall be scored as follows: Bull's eye, 25; Inner, 15; Magpie, 10; Outer, 5. This makes it possible for a competitor to make 100 points by hitting the bull's eye four times.

RULE XXXVI.

TUG OF WAR WITHOUT CLEATS—95-LB. CLASS.

The teams shall consist of equal number competitors. No more than six nor less than four. The rope shall be 30 feet long, and 1 inch in diameter, and shall be free from knots or holdings for the hands. A center tape shall be affixed to the center of the rope, and 3 feet on each side of center tape a side tape shall be affixed to the rope. A center line shall be marked on the ground, and 3 feet on each side of center line a side line parallel thereto.

At the start the rope shall be taut and the center tape shall be over the center line, and the competitors outside of the side line. During no part of the pull shall the rope be tied or crossed by the anchor man nor shall he wilfully place either hand on the ground.

The pull shall be started by word of mouth. The results of pull will be announced by blowing of a whistle.

No part of the competitor other than the feet shall touch the ground. A pull shall be won when one team has pulled opposing team over so that the center tape shall be over the side line. If neither teams succeeds in pulling the opponents over the side line, the event shall be won when one team has secured the advantage of six (6) inches at the expiration of the minute.

There shall be three pulls, best two out of three to win. No holes shall be made by competitors. No gloves nor adhesive tape on the hands or on the rope.

The officials shall be one (1) Judge, and two (2) Inspectors.

Judge shall start the event and decide the winner. Inspectors shall see that teams keep within the rules.

RULE XXXVII.

LONG BALL.

When played in a gymnasium regular indoor baseball, bat, home base, pitcher's, and batter's box and long (or second) base is used. All base running is confined to a run between long base and home base. Complete circuit counts one point or one run. The pitcher and catcher take the regular positions of these players. The other players on fielding side may take any position in the field. Eliminate all foul lines. Every inch of ground in front or back of home base is fair ground. Any ball that hits the bat is a fair ball.

The batsman must stand in the box facing the pitcher and must swing bat toward the pitcher or straight up or bunt. The batter must run to long base on third strike or any ball that may hit his bat. He may be put out by: One, a fly catch, when a ball has not touched any object except the bat; two, being tagged with the ball in the hands of a fielder; three, being hit with the ball when thrown by a fielder; four, ball being held by baseman before runner reaches base; five, failure to hit third strike puts the batter out if caught. In running to long base the runner may run in any direction in front of home base, i. e., dodge, zigzag, or slide. Over-running long base runner may be put out, but may come back to long base provided he has not started home.

Any number of base runners may be on base at the same time, except that the side at bat must have a player home ready to bat; otherwise the next one on batting order shall be declared out. After leaving long base in an attempt to run to home the base runner may not return to long base, but must complete the play, and thus is forced back home. On a caught fly base runner may return to long base on a chance of being put out at long base by a double play. One run is scored each time a base runner touches home base after legally touching long base before three men are put out.

RULE XXXVIII.

VOLLEY BALL.

1. *Game*—The game shall consist of eleven points.

2. *Court*—A court or floor space shall be 25 feet wide, 50 feet long, to be divided into square courts 25 by 25 feet by the net. The boundary lines must be plainly marked so as to be visible from all parts of the court; these lines should be 3 feet from the wall.

3. *Net*—The net shall be at least 2 feet wide and 27 feet long, and shall be suspended on uprights placed at least 1 foot outside of the lines. The top line of the net at the center must be 7 feet 6 inches from the floor or ground.

4. *Server and Service*—The server shall stand with both feet back of the service line; one foot may touch the line. He may not touch ground inside of the court until the ball has been served. The ball must be batted with only the open hand, and must go over the net unassisted by any player on the server's side (no dribbling allowed).

A service which strikes the net is a fault and automatically is dead.

A service which goes under the net is a fault.

If, on the first service, the ball goes over the net and strikes outside the opponents' court, the side serving loses possession of the ball.

A server shall lose his service if he serves two consecutive faults. The player serving continues to do so until retired. Each man shall serve in turn.

6. *Scoring*—Each good service unreturned or ball in play unreturned, or ball knocked out of bounds by the side receiving, counts one point for the side serving. A side scores only when serving, since a failure to return the ball on his part, or knocking the ball out of bounds, results in the server being retired.

7. *Line* is a ball striking the boundary line, and is equivalent to one in the court.

8. *Play and Players*—Should any player during the game touch the net or reach over the net to strike the ball, it puts the ball out of play and counts against his side; if said player is on the serving side the ball goes to the opponents; if on the receiving side, one point is scored for the server. Should player strike ball on own side of field, and his hand go over net, such a play shall be legal provided his hand does not touch net. (Referee.) Ball must not be hit until it is over net. Should two opponents touch the net simultaneously, the ball shall be declared out of play and shall be served again by the serving side. Should any player catch or hold the ball for an instant, it is out of play and counts for the opposite side. A player must not touch the ground inside the opponents' court—if he had been on the serving side it shall retire the server, if on the receiving side one point shall be scored for the side serving. No player may strike the ball more than once in succession.

9. Any player kicking the ball may be disqualified.

10. *Officials*—The officials shall be a Referee, two (2) Linesmen and a Scorer.

RULE XXXIX.

QUOITS.

1. The distance shall be 9 yards (27 feet).
2. The ends shall be clay.
3. An iron or steel pin, not less than one-half an inch or more than one inch in diameter, shall be placed in center of ends, with top of pin four (4) inches above the clay.
4. The quoits used shall be the regulation two (2) pound quoits.
5. Match games shall consist of the best two out of three games—a game shall consist of twenty-one (21) points. The right to pitch first can be decided by toss of coin and by referee.
6. A player must stand twenty-seven (27) feet away from opposite pin, at right angles with pits when delivering the quoits.
7. A player shall not be allowed to examine the position of his quoits until his opponent has played. He must stand three (3) feet or more behind the end played from until his opponent has delivered his quoits.
8. All measurements to be from center of pin. Clay or other matter to be removed, if necessary, to measure nearest part of quoit. All measurements should be made with compass and by referee only.
9. All quoits played outside of box shall be foul.
10. If one or more quoits are lapped, the quoit easiest measured shall be measured and drawn in order to measure the other or others.
11. Should a quoit be broken during a match the measure must be taken from the nearest position of the quoit to the pin, and the player shall be privileged to use another quoit or set to finish his game.
12. The use of improper language, or any act perpetrated to disconcert or interrupt the player while in the act of throwing his quoit, is prohibited. The player is to have the privilege of throwing his quoit over again in the event of such having taken place.
13. Point in contest shall count as follows: A Ringer shall count 3 points; a Leaner, if against the support, shall count 2 points; a Double Leaner or Double Ringer shall count double; all other quoits inside of box count 1 point.

No. J5. Each, \$6.00

WE GUARANTEE every No. J5 Spalding Foot Ball to be perfect in material and workmanship and correct in shape and size when inspected at our factory. If any defect is discovered during the first game in which it is used, or during the first day's practice use, and if returned at once, we will replace same under this guarantee. We do not guarantee against ordinary wear nor against defect in shape or size that is not discovered immediately after the first day's use.  Owing to the superb quality of every Spalding Foot Ball, our customers have grown to expect a season's use of one ball, and at times make unreasonable claims under our guarantee which we will not allow.

The Spalding "Official Olympic" Discus No. 5

Made in accordance with I. A. A. F.,
A. A. U., and Intercollegiate A. A.
A. A. Specifications.

This is a duplicate of the original
sample submitted to the I. A. A. F.
Congress at Lyons, France, June 10th,
1914, and which was so favorably
commented upon and unanimously
adopted for use in all future Olympic
games.

No. 5. Spalding "Official Olympic"
Discus, wood center. Each, \$7.50

Spalding Practice All-Steel Discus

Patented March 30th, 1915

Same size and shape as the "Official Olympic" style, but made all of steel, which
forbids its use as an official implement. It is recommended for practice and on
account of all-steel construction will give maximum amount of service.

No. 15. Spalding "Practice" Discus, all steel. Each, \$5.00

Spalding "Youths' Official" Discus

Wood center. Official for Junior Discus Competitions.

No. Y. Spalding "Youths' Official" Discus, wood center, Each, \$5.00

Spalding "Official Olympic" Javelin

Made in exact accordance with I. A. A. F., A. A. U., and Intercollegiate A. A. A. A.
specifications.

No. 153. Spalding "Official Olympic" Javelin. Each, \$3.00

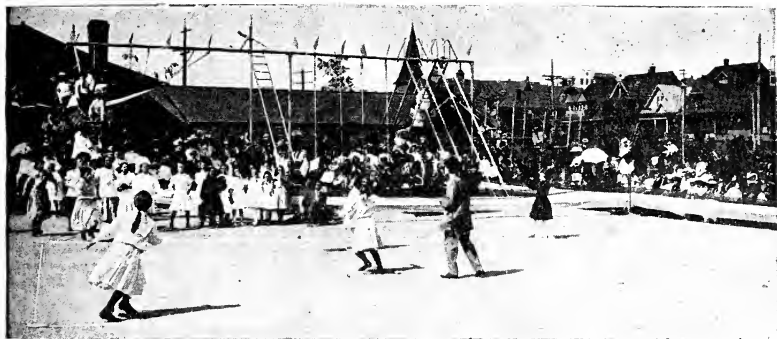

SPECIAL NOTE—Specifications in the Official Rules covering Javelin throwing are such
that in complying with them the Javelin is necessarily quite frail; hence, if it is not thrown
with the proper degree of skill it is easily broken and this through no fault of material or
workmanship. We are unable, therefore, to guarantee Javelins against breakage while in use.
We guarantee only against defective material or workmanship, and in 95 cases out of a 100
where a Javelin shaft is broken we have found it was the result of faulty manipulation or
awkwardness on the part of the performer.

Play is as necessary for the child's physical well being as study is for his lifework—"a sound mind in a sound body."

It is essential, however, that play be directed along proper lines. A child requires to be taught to play if he would enjoy the full benefits of childhood.

While this fact has become recognized in large cities where congestion necessitates play spaces, organized play and playgrounds are just as important in small communities, especially as an adjunct to the school.

Dr. John H. Finley, Commissioner of Education of New York State, in a letter to the Board of Regents says: ". . . In the course of time all school buildings should be provided with such spaces as will not only serve for gymnastics and drills, but for play, games, competitions, entertainments and community-gatherings, especially in small districts of the State."

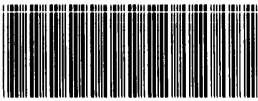

A. G. Spalding & Bros. have the largest and best equipped factory in the world for the manufacture of playground and gymnastic apparatus and will be pleased to submit blue prints, specifications or any information concerning the subject, on request from those interested. Address
